RESOLUTION CONCERNING COLLECTIVE BARGAINING BY LOCAL GOVERNMENTS

WHEREAS, the federal and state governments historically have given local government employers the right and responsibility to manage their own employee relations; and

WHEREAS, there are efforts underway in the U.S. Congress and the North Carolina General Assembly either to mandate or permit local governments to bargain collectively with local government employee unions; and

WHEREAS, the elected officials in each local government are best able to formulate the policies and methods of managing relations with their employees; and

WHEREAS, local governments in North Carolina have a highly respected record of fairly and efficiently managing their personnel who provide the government services which are important to their citizens; and

WHEREAS, for Congress to mandate or the General Assembly to permit local government employers to recognize and collectively bargain with local government employee unions would be a radical and unwarranted alteration in the operation of local governments and be highly disruptive of the efficient and timely provision of government services.

NOW, THEREFORE, be it jointly resolved by the City of Burlington that:

The General Assembly is urged in the strongest terms not to permit collective bargaining with local government unions and that the state's congressional delegation be urged not to mandate collective bargaining with any category of local government employees.

Upon motion by Councilmember Butler, seconded by Councilmember Ross, it was resolved unanimously to approve the foregoing consent agenda.

PUBLIC HEARING:

<u>ITEM 2 - 2010-11 FISCAL YEAR BUDGET AND COMMUNITY DEVELOPMENT BUDGET</u>

Mayor Wall announced that a public hearing had been scheduled to consider adoption of the proposed 2010-2011 Fiscal Year Budget for the City of Burlington and to adopt the Grant Project Ordinance for the 2010-2011 Community Development Program.

City Manager Owen thanked Council for its bold leadership. He pointed out that by making cutbacks early and by projecting revenues conservatively thus far, there has not been a reduction of services.

Mr. Owen reviewed the 2010-2011 budget stating that staff was asked to submit baseline budgets with no increase from the 2009-2010 budget with the exception of capital expenditures. Additionally each department was required to reduce travel and departmental operations supply accounts by ten percent. Emphasis was given to ensure that needed capital projects were not delayed and forced out to future years when costs may be higher. The City continues to be challenged with decreasing economy driven revenues. Mr. Owen said that department heads and their staffs have done an excellent job continuing to provide the current level of service without increasing costs.

Mr. Owen presented a proposed General Fund budget for 2010-2011 of \$47,203,745 which is a \$246,521 decrease over the 2009-2010 budget. He stated that no tax increase was recommended and that the tax rate remain at \$.59 per \$100 assessed valuation. He said that the proposed budget provided for no merit and/or cost of living increase for employees. The policy of requiring all full-time employees to take six days (48 hours) off during the first six months of the fiscal year, utilizing either accrued leave or time off without pay remained in effect.

He stated that the proposed budget for the water and sewer

fund is \$22,984,700 and includes \$1,283,000 to begin covering debt services for the state-mandated Jordan Lake Rules compliance and for debt services associated with dam repairs at Lake Cammack and Stoney Creek. These obligations necessitate a seven percent increase in both water and sewer rates. He stated that similar rate increases will be necessary in FY 2011-2012 and 2012-2013 to generate sufficient revenues to cover the debt service.

Mr. Owen stated that staff recommended a Stormwater Fund budget of \$403,355, and the rate continues at \$2.00 per water and sewer customer.

Mr. Owen stated that the Burlington Downtown Corporation (BDC) recommended the current tax rate of \$.16 per \$100 assessed valuation be maintained.

Mayor Wall asked about the amount of money spent on computers, and Mr. Owen stated that there were 120 units to be purchased Citywide with an average cost of \$1,500 per unit.

Police Chief Williams pointed out that the police vehicle computers were replacements and would be mounted in the front of all police cars, speeding up response time and keeping the officers in their zones longer. He stated that a five-year warranty was included with the computers.

Councilmember Faucette said City staff had done an outstanding job on the budget and that it was a wonderful budget for the citizens of Burlington.

Mayor Pro Tem Huffman thanked staff for its work. He reiterated that this was the second year that there was no salary increases for staff. He stated that Council had an obligation to citizens and to the organization and that it was a balancing act each year. He explained that the elected body had a responsibility to employees and that it must be sensitive to what is going on in the community.

Councilmember Butler stated that the dedication of the entire staff is reflected considering there had been no salary increases in two years. He said Council and staff must look for growth. He stressed that economic development and growth were important so that tax revenue can be derived from it. He stated that being pro economic development and growing the economy were other ways to increase the possibility of giving salary increases.

Councilmember Ross commended staff for developing a budget with no increases in the current environment. He said when staff

did not receive an increase it is important to tell them they are appreciated.

Upon motion by Mayor Pro Tem Huffman, seconded by Councilmember Butler, it was resolved unanimously to close the public hearing.

Councilmember Ross moved for the adoption of the 2010-11 budget ordinance including Water and Sewer, General Fund, Storm Water and Community Development:

10-11

BUDGET APPROPRIATION ORDINANCE ESTABLISHING A TAX RATE OF \$.590 PER \$100 VALUATION ON A TOTAL ESTIMATED VALUATION OF \$4,123,104,410, WITH AN ESTIMATED 95% COLLECTION OF THE LEVY.

NINE AND SIXTEEN ONE HUNDREDTHS CENTS (\$.0916) PER \$100 OF THE \$.590 PER \$100 VALUATION REPRESENTS A DEBT SERVICE RESERVE.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BURLINGTON:

Sec. 1. That the following amounts are hereby appropriated for the operation of City

Government and its activities for the fiscal year beginning July 1, 2010, and
